

Safety Committee Update

Eagle's Pointe Annual Meeting – 12/12/2024

Bruce Kaiser – Chairman

The objective of the committee is to ensure that the community is kept informed and follow the safety practices outlined in the policy documents. Also to make individuals aware of local and state law violations and possible consequences.

Actions taken:

Streetlight monitoring. Any lights not operating or obstruction of illumination. Any lights that not working properly should be reported to Bundy Management via email eaglespointe@bundyinc.com with the location and pole number and they will contact Palmetto Electric and the Safety Committee for follow up.

I have contacted the Beaufort County Sheriff's Office that has jurisdiction over Eagle's Pointe and expressed concern over traffic violations. He wanted to know what involvement the community would like to see from the Sheriff's Office. I expressed that there could be stages: information, presentations then radar posts or other forms of detecting traffic violations. The presentations would occur early in the new year.

Other Bluffton departments have expressed interest in Safety presentations such as the Bluffton Fire Department on home safety (smoke detectors). Updates will be forthcoming via email blasts.

Remember: 25mph means 25mph and STOP means STOP.
